

Individual Medication Review

Health and Education Program

Taking more than one medication can result in potential conflicts or side effects. Changes in one's health can also impact the effectiveness of medication. Individual consultations with a licensed pharmacist to answer questions and review all medications taken are available through this program. Bring all medications you currently take to the appointment, including over-the-counter drugs, vitamins and supplements. This program is provided through a partnership between the City of Irvine and the Orange County Older Adult Services. **Registration required.**

Fridays

- July 13
 - Aug. 10
 - Sept. 7
 - Oct. 5
 - Nov. 16
 - Dec. 14
- 1:30-3 p.m.

Free

Pharmacist reviews for:

- Dosage strength and frequency
- Correct way of taking medications (for example, before meals, after meals or another time of day)
- Potential duplication of therapy or side effects
- The potential interactions with food, other drugs or vitamins and supplements
