

## EXHIBITION PROPOSAL REQUIREMENTS

The Fine Arts Program presents a varied yet balanced exhibition program from year to year. Artwork is selected that is broad and diverse in its appeal and allows the community an opportunity to experience artistic expression representative of a wide range of media, styles, techniques, and subjects.

The Fine Arts Program schedules exhibitions from 12 to 24 months in advance.

Exhibition proposals are due by September 30 each year. Proposals are collected through September 30 and are screened by the exhibition committee in January. Please note, incomplete proposals will not be considered. Accepted artists are notified by the committee at the end of February.

A completed exhibition proposal includes the following:

- Exhibition Proposal Form
- Curriculum Vitae
- Artist Statement
- CD of Submitted Artwork; either as a PowerPoint or a list with at least 10 but no more than 20 images including title, media, size and date.

Proposal materials will not be returned unless prior arrangements are made and adequate return postage is provided by the artist.
