

E-SUBMITTAL CHECKLIST AND QUESTIONNAIRE

Please save and upload **PDFs** of all required DOCUMENTS and PLANS from the checklist below. All pre-application attachments uploaded to the Online Plan Submission Portal must comply with the E-Plan Submittal Requirements.

- STEP 1:** Select project group: **BUILDING AND GRADING**
- STEP 2:** Select project type: **NEW RESIDENTIAL MODELS/PRODUCTION/CONDOMINIUMS/APARTMENTS**
- STEP 3:** Complete the required documents and questionnaire (if applicable) below.
- STEP 4:** Log in to the [Online Plan Submission Portal](#) and enter your project information to begin the pre-application process.
- STEP 5:** Upload your completed PDF documents.

ADDITIONAL INFORMATION

1. All submissions must comply with the City of Irvine [E-Plan Submittal Requirements](#).
2. All commercial projects and most residential projects, with the exception to residential remodels/additions that do not add conditioned space, are required to submit an online [Construction and Demolition Waste Management Plan](#). This must be completed and approved before a permit can be issued.
3. Once your pre-application has been processed, you will receive a request for payment of your plan review fees. Please note, your submittal will not be distributed to applicable City departments, nor will your plan review period begin, until payment has been received.
4. If you are only looking to receive Advanced Plan Check Fees and do not have plan sheets to upload for review yet, upload this completed E-Submittal Checklist and Questionnaire in PDF as a plan document to the Online Plan Submission Portal. Staff will send you the plan check fees, assuming the plans will be submitted at a later date.
5. If you provide your Approved Fire Master Plans for reference, you will save 10 business days on the first review. Please upload the Approved Fire Master Plans as an **Attachment**, not a plan document.

RECYCLING AND DIVERSION OF CONSTRUCTION AND DEMOLITION WASTE ASSESSMENT 2.0

The City of Irvine Municipal Code (Section 6-7-900) and the California Green Building Standards Code (Sections 4.408, 5.408, and 5.713.8) require that most projects recycle and/or divert construction and demolition waste. The purpose for this is to promote the reuse of resources and to help extend the longevity of the local landfills pursuant to the California State law AB 939 (Sher), SB1374 (Kuehl) et al. Complete the questions below to determine if your project is subject to recycle/diversion requirements.

For projects required to comply with these provisions, percentages of materials subject to recycling have increased under the 2016 California Green Building Standards Code and the City of Irvine Municipal Code. The new percentages are as follows:

Residential Projects -

- 75 percent of non-hazardous concrete and asphalt construction and demolition debris.
- 65 percent of all other construction, demolition, excavated soil and land clearing debris.

Non-residential Projects -

- 100 percent of all non-hazardous excavated soil and land clearing debris.
- 75 percent of all non-hazardous concrete and asphalt construction and demolition debris.
- 65 percent of all other non-hazardous construction, demolition debris.

CHECK THE BOXES BELOW AS APPLICABLE - DOES YOUR PROJECT INCLUDE:

YES	NO	
<input type="checkbox"/>	<input type="checkbox"/>	A new single family or multi-family residential main building or accessory building?
<input type="checkbox"/>	<input type="checkbox"/>	The remodel or renovation of an existing single or multi-family residential building that adds conditioned area or volume?
<input type="checkbox"/>	<input type="checkbox"/>	A non-residential project subject to a building permit?

If you answered YES to any question, your project is subject to the recycling/diversion requirement which includes the approval of a waste management plan and posting of a bond at permit issuance. Bond must be paid by check or surety bond. You may initiate this process at any time by contacting the City's Environmental Programs at 949-724-7669 or visit cityofirvine.org/c&d. [Note: projects with demonstrably small volumes of anticipated debris may be exempted.]

IMPORTANT NOTES: (1) The assessment will be verified during plan review. Mistakes in this initial assessment may result in project delays; (2) Some project proponents choose to award the construction contract prior to posting a bond and/or getting the waste management plan approved. While this is completely acceptable, the processing time does become a critical path item. It is therefore important that this step be appropriately included in the overall project schedule.

As an authorized representative of the applicant, I hereby consent, by my signature below, that I understand the following:

The service of processing an application for development of property in the City of Irvine is of primary benefit to the applicant. The cost of processing an application is charged according to the hours spent by staff in reviewing and analyzing the project, including checking plans, writing staff reports, preparing environmental analyses, notifying and responding to the public and attending public hearings. The applicant receiving benefit from the service shall pay the cost of these services. Total cost varies according to the size of the project and the complexity of the issues involved. At the City's sole discretion, a consultant may process the application. Pursuant to City Council Resolution 13-50, for development applications, the applicant will pay all costs for consultant services inclusive of any applicable "in-house" administrative costs. In no instance will the administrative fee plus the consultant contract rates exceed the hourly rates charged by City staff. Project specific expenditures such as City Attorney services, postage for mailing public notices, advertising, etc., have been excluded from the hourly rates. These project specific expenditures will be billed "at cost" on a project by project basis to the applicant.

The deposit creates an account to which processing time is charged. Case processing charges will automatically be drawn against the deposit funds until the minimum balance is remaining. All charges for services beyond the maximum balance requirement will be invoiced to the applicant on a monthly basis. Accompanying the invoice will be a statement, which will include a description of services rendered during the billing period. **If payment is not received within seven (7) working days after the invoice due date, all development activities will be suspended until payment is received. Applicant understands and agrees that City's invoices are due and payable within 30 days of invoice date. If full payment is not received within 60 days from the invoice date, a 10 % late charge will be imposed and an additional penalty of 0.8% per month on the unpaid principal balance will be imposed beginning 90 days after the invoice date.**

Sixty (60) days after the conclusion of the discretionary case process, and after full payment of all invoices is received, any remaining deposit amounts will be refunded to the applicant.
