CONSTRUCTION NOTICE
ANNUAL STREET REHABILITATION AND SLURRY SEAL PROJECT

As part of the City’s ongoing effort to maintain the quality of our roads, the Public Works and Transportation Department will begin its Annual Street Rehabilitation and Slurry Seal Project on public streets in the Irvine Spectrum, UCI area, and Portola Springs. In addition to road work, the project includes repairing sidewalks, replacing curbs and gutters, and improving curb ramps.

Every effort will be made to complete this essential work quickly to minimize inconvenience to you, your business, and your community. Your cooperation during the project will be appreciated.

Construction: Work is scheduled to begin March 23, 2020, and is estimated to be complete in October 2020.

Work Hours: Monday to Friday from 8 a.m. to 4 p.m. and some Saturdays 7 a.m. to 5 p.m.

Notifications & Scheduling: At least 72 hours before work begins in your area a door hanger will be placed on your door and temporary “No Parking” signs will be posted on streets where work will occur that show the dates and times parking will be restricted. Vehicles parked in violation of a No Parking sign will be towed. Parking is allowed on streets without No Parking signs.

Schedules may be changed to accommodate weather conditions or other unforeseen factors. If work does not occur on the posted date, it will be rescheduled and new signs will be posted with new dates.

Access: Access to streets and driveways may be unavailable or restricted while work is underway. Alternate routes will be provided whenever possible.

Residential Driveway Access: Access will be restricted during resurfacing work. Cars must be parked outside that day’s posted work area until the work is complete and the signs are removed.

Business/Private Community Access: Access will be maintained during the project.

Trash Pick-up: Trash services will occur on your normal service day even if work is scheduled.

Questions or Concerns: Email: slurry@cityofirvine.org

Additional Information: Road Construction Map (under Quick Links at the bottom of the City’s webpage) and City social media

Thank you for your anticipated patience and cooperation while we work to improve the infrastructure in your area.
