

## CONSTRUCTION NOTICE ANNUAL STREET REHABILITATION AND SLURRY SEAL PROJECT

As part of the City's ongoing effort to maintain the quality of our roads, the Public Works and Transportation Department will begin its Annual Street Rehabilitation and Slurry Seal Project including sidewalk, curb and gutter, and curb ramp improvements. This year, the project includes public streets in the Irvine Business Complex West area (please see map on reverse).

Every effort will be made to complete this essential work quickly to minimize inconvenience to you and your community. Your cooperation during the project will facilitate that.

- Construction:** Work is scheduled to begin in May 2021, and to be complete in fall 2021.
- Work Hours:** Monday to Friday from 8 a.m. to 4 p.m.; weekends 7 a.m. to 5 p.m. There may also be intermittent night work between 8 p.m. and 4 a.m.
- Notifications & Parking:** At least 72 hours before work begins in your area, temporary No Parking signs will be posted on streets where work will occur showing the dates and times parking will be restricted. **Vehicles parked in violation of a No Parking sign will be towed.** Parking is allowed on streets without No Parking signs.
- Access:** Access to streets and driveways may be unavailable or restricted while work is underway. Alternate routes will be provided whenever possible.
- Access to residents' driveways will be restricted during resurfacing work. **Cars must be parked outside that day's posted work area until the work is complete and the signs are removed.**
- Access to businesses and private communities will be maintained during the project.
- Trash Pick-up:** **Trash services will occur on your normal service day even if work is scheduled.**

**Schedules may be changed to accommodate weather conditions or other unforeseen factors.** If work does not occur on the posted date, it will be rescheduled and new signs will be posted with new dates.

If you have questions or require special accommodations, please **call the Project Management Hotline at 949-724-6676** or **email us at [slurry@cityofirvine.org](mailto:slurry@cityofirvine.org)**. Additional project information is also available at **[www.cityofirvine.org/streets](http://www.cityofirvine.org/streets)**.

Thank you for your anticipated patience and cooperation while we work to improve the infrastructure in your community.

**City of Irvine Public Works and Transportation Department, Project Management Division**
