ASHLEY SHUMAKER

SURFACE

Surface is a solo presentation by Long Beach-based printmaker Ashley Shumaker. This project is the second iteration of an exploration of texture and organic form in which Shumaker uses found objects to create dreamlike landscapes. Each sculptural print is the unique result of a monoprinting process that yields a one-of-a-kind object that, like geographical terrain, has no identical copy.

Shumaker received her Master of Fine Arts degree from California State University, Long Beach, and teaches printmaking workshops at the Irvine Fine Arts Center.
