welcome

to the 21st annual Irvine Global Village Festival!

As Mayor of the City of Irvine, it is my honor to welcome you to the Irvine Global Village Festival, our signature festival event. This is an annual tradition, celebrating our diverse community and shared experiences while also highlighting local artists, restaurants, entertainers, and businesses.

This year at the 21st annual Irvine Global Village Festival, the City is excited to feature more multicultural foods, art, performances, and music, with a special emphasis on supporting and representing our local Irvine partners and businesses. For the little ones, an expanded Kids Village features a petting zoo, inflatable obstacle courses and games, bubble zone, and many interactive activities sponsored by community organizations and businesses.

The festival would not be possible without the support of our Festival Steering Committee — on behalf of the City Council, I thank them for their tireless efforts. I also want to thank the many community volunteers, cultural organizations, sponsors, and participants whose combined efforts make this event possible.

During the festival, please take time to visit the stages that will feature remarkable performances of music, dance, and art demonstrations. These include the UCI/UCI Health stage, the FivePoint stage, the Chinese American Mutual Association stage, and the Modern Brain cultural demonstration stage. Be sure to also visit the Art exhibits, activities, and demonstrations in Hangar 244, sponsored by Concordia University.

On behalf of the Irvine City Council, the Community Services Commission, City staff, and community volunteers, thank you for joining us at the 21st annual Irvine Global Village Festival. We are excited to celebrate the rich heritage and creativity of the residents and businesses that call Irvine home, while spending quality time with friends and family.

Sincerely,

Farrah N. Khan
