(H&CD) H&CD Commission – Emailed Public Comments

Julia Bidwell, Executive Director/Secretary

AB 361 (Government Code § 54953(e)(3) Review and Findings Julia Bidwell, Executive Director/Secretary

Hello I sent this email but it never arrived so I am sending it again because I now see that James Mai's stalker/harasser, Mary Cameron, under her many aliases - Bettina Bakrania, Love Cameron, Cory Ng, Melissa Foster, etc., has escalated her harassment and threats by contacting committee members and their employers to spread blatant lies, harass, and threaten them. She has committed slander on Facebook, falsely stating that committee members are abusing children of color. This individual, Mary Cameron, is a criminal and is clearly unstable and dangerous. Her actions and criminal history prove she is a threat and actions need to be taken to ban her so she cannot cause further disruption and potential physical harm to innocent people in the City of Irvine.

Hello,

I am writing to share about my personal and professional experiences with James Mai as a counter to the portrayal of him by his accuser, Ms. Cameron, a woman who, despite having had limited interactions with Mr. Mai over a short period of time, has formed an opinion of him and his character that is in direct opposition to the person I have known and worked with for over five years.

I first met James Mai in November 2017, I'm a single mom and a credentialed Education Specialist and I responded to a job posting for a part-time copywriter, hoping to supplement my income, and that is how I met James Mai. I met with him to discuss his needs and we had a great conversation. Ultimately, I couldn't fully commit to the entire job, but said I was open to any short-term projects that he needed help with, as they came up, and we agreed to stay in touch. Over the next few months, we'd chat on occasion and gradually developed a friendship. At the time, his childhood best friend, Aaron, who was like a brother to James, was dying of a brain tumor. James shared with me that he had started a GoFundMe for him, and raised over \$50,000, which allowed Aaron and his wife to spend the final months of his life free from financial worries, focusing on what mattered without worrying about paying their bills. I'm not sure many people, other than Aaron and his wife, really understand what an impact that made on his friend's last days, because I got the sense that no one really thanked James for it. And I imagine that's because James didn't advertise what he had done. He didn't brag about it all over social media, or tell everyone in his hometown, he just did it, because that's what he does

for people who need help. If he sees a need and there's something he can do about it, he does it. And it's not always financial, or political, it's not always the stuff you've been seeing him do on the news or at events. Sometimes, it's more subtle, sometimes he helps you, just by being your friend, getting behind you and supporting whatever it is you're doing, and being your biggest hype-man. He does everything 1,000% and that includes cheering others on.

James was raised by a single mom and experienced the struggles that unfortunately come with that. He loves this country because it gave him the freedom to move beyond the limitations of his childhood circumstances and he wants everyone to have the opportunity to do the same. He has a soft spot for the underdog, but it doesn't come from a place of condescension, and he doesn't have to feign empathy by pretending to tolerate those who are struggling. He's not saying I want to help you because I can *imagine* what it must feel like to struggle like you, he's saying I want to help you because I *HAVE* struggled like you. And even though, with hard work and determination, he was able to overcome the circumstances life dealt him with little to no resources or support, he understands that not everyone has the natural skills, motivation, and personality to pull themselves out of a negative situation alone. And that's why he does what he does. You know about James Mai, today, because of the work he does gathering resources and rallying his community to unite and support each other in order to ensure that everyone, whether they are disadvantaged, marginalized, or experiencing temporary hardship, has the resources and support they need to get a jump on living their best possible life with safety, dignity, and respect.

I have been following the public attack on James' character perpetrated by Ms. Cameron and, while I find her claims and relentless pursuit to destroy him and his family appalling and frightening, I understand that she is mentally ill and delusional. What is equally, if not more appalling and frightening, is the willingness of so many individuals who, considering their professional and leadership positions in the community, I would expect to be highly educated, reasonable, and fair, are 100% ready and willing to believe and support one person's twisted account of a single occurrence without any attempt to step back, look at the big picture, and ask the simple question, "Does this make sense?" So, I'll ask you, does any of this make sense?

You don't need to know all the facts or specifics to see that it doesn't make sense at all. There are two sides here. On one side, James Mai is a community activist, business owner, husband, father, and a productive citizen of the city of Irvine with a track record of philanthropy and support for the most vulnerable members of the community he lives in. On the other side, is his accuser, a verified litigious provocateur and criminal with a known history of vandalism, who had no connection to Mr. Mai when she decided to make him the target of her latest smear campaign. Speaking of smearing, and an example of the mental state of this woman, she was caught on video smearing her own feces all over her last residence when her complaints about noise didn't get the response from management she wanted. Her response to their perceived lack of interest in indulging her delusions? She's suing them. Just like she has sued most people, businesses, and organizations she has encountered throughout her life. I won't go through her entire rap sheet because it's quite long, I'm just giving some minimal background information, all of which is easily accessible to anyone who takes 5 minutes to do a google search.

So, again, my question is, does this make sense? Whose story is out of character and who's is consistent with their lifelong behavior? James Mai, with his proven contributions to society, political work, and community support, and his record as a long time business owner and family man, or a woman with a proven documented history of exactly these type of malicious, delusional attempts at manipulation, gaslighting and criminal behavior, which has now escalated to literal death threats, as she recently posted on social media, an image of a man holding a shank along with the comment that Mr. Mai needs to be taken out, "permanently?" It's plain to see that what Mr. Mai's is being accused of by this individual, is not consistent with his history and it's not consistent with the man I've come to know for the past 5+ years, while the documented pattern of his accuser's behavior is, yet she seems to get immunity simply because she is perceived to be the less powerful of the two parties. It's sad to see seemingly intelligent people appear to be more concerned with looking politically correct than actual logic and facts.

We all have bad days. We all say things that get taken out of context, that we didn't mean, or that we straight up shouldn't have said and regret. No one is perfect, including James Mai. He is definitely a passionate man who can appear intimidating, but anyone who has given him just a few minutes of time will tell you he is a kind, funny, family man who has the integrity to stand up and take action for the causes he believes are in the best interest of his family, friends, neighborhood, city, state, and country or any other individual or organization with a need he can help fill. Don't mistake his passion and enthusiasm for arrogance or ego, and don't judge his character from one person's interpretation of a single incident no one, other than the two people involved, will ever know the facts, context, and true intentions of, because no one else was there to witness what led up to it. Instead, look at the big picture and the track record of the many things James Mai has contributed to his community and the lives of those he cares about. That is who James Mai is. As for the accuser's character, her track record, as well as her arrest record, speaks for itself, and the writing is smeared on the wall.

Thank you for giving me the opportunity to share.

nor of the existence of a law enforcement investigation

however: i did attend via zoom that morning and FAILED miserably, as evidenced by the re-appointment

at least 3 members of the commission who voted yes are employees of educational institutions which have their own SEPARATE policies against hate speech/ hate conduct

the employees appointed by educational institutions are subject to *their* employers policies

i can't change what they did as far as their decision to vote yes

however: i was advised that their votes constitute a basis for filing a official complaint with the institutions they represent

once they become the object of a complaint filed with their own employers and come under scrutiny of a formal investigation

~ they likely will blame the city for failure to disclose all the facts.

ive already started the process for the three commission members who represent educational institutions

Subject: Public Comment on James Mai for Child Care Committee Meeting on November 8th.

Hello, my name is Cory and I live in Irvine with my wife, Beth.

The ShameHate organizers forwarded me your response to their PRA and I was surprised to not see my emailed comment regarding James Mai. This leaves us wondering how many other emails you concealed from Shame Hate regarding the bragging of a Hate Crime by that Commissioner.

Here are my public comments for the Child Care Committee:

For those with a short attention span, I will make the most important points first. James Mai is under investigation by two local law enforcement agencies for a Hate Crime he may have committed against a Hindu restaurant owner. He has never denied that he bragged having done it. The IPD case number is 2205565. If you look on www.facebook.com/ShameHate or www.facebook.com/jamesmaihatecrime, the Orange PD case number is there too. I have no clue what's up with the FBI. Nobody has mentioned them, recently, but the FBI isn't known for being vocal about what they do.

James Mai is a profoundly mentally disturbed individual. Even if he didn't commit the crime, it takes a deep level of psychological depravedness to laugh about doing this. Mai has never expressed regret for these comments. Even if he did, it would be a little late.

Recently, I learned that another Irvine resident, Luis Huang disclosed on the Orange Juice Blog that James Mai told him this as well. Now, think about how many others did he say this to? Could this make it more likely that it was true (to some degree) ?

James Mai actually boosts his own credibility about the Hate Crime by giving a motive. He says he got gypped and charged \$4,000 instead of \$40. Why not call the Orange police? Why not file a dispute with his bank? It's a stretch to believe he went to a butcher shop and got a cow's head, but it wouldn't in the least surprise me if he did some form of property damage to the establishment. Probably not to the extent he claims, but maybe busting a window or two.

I know James Mai because I met him at anti AsianHate events in 2021. He always blames Black people for the rising tide of crime against Asians. He never once addressed, never mind condemned the toxic comments by the former president calling Covid the "Chinese Virus" and "KungFlu". He falsely claims CRT is being "shoved down kids throats" in IUSD schools. Critical Race Theory is actually only taught at post-graduate levels. Look at his YouTube channel. He follows and "likes" accounts on Instagram that make fun of Blacks and Mexican immigrants. Research it. It's not that hard. He blames Mexican and Central American gangs for the uptick in crime in the OC, but paradoxically never talks about the Vietnamese street gangs in Garden Grove and Westminster. Both are a menace to society. James Mai is unapologetically racist to the core.

Even his die hard admirers can't explain his association with racists. Look at the comments by a guy named Charles Hwang on the OJB from Sept 7th at 4:19pm. I attached them as a screenshot. It doesn't surprise me that Mai is siccing his internet trolls on Cameron given that he has a preexisting relationship with these menacing bigots.

Here's the OJB link. <https://www.orangejuiceblog.com/2022/06/chafee-to-reappoint-hate-crime-braggart-to-county-commission/>

Another thing that should be factored in that James Mai thinks it's funny to "troll" an autistic woman. He gave an interview to a far-right blog named Asian Dawn, where he doxxed Cameron. He admits he knew that she has Autism and apparently was told she is a survivor of Sex Trafficking. According to her lawyer, she in fact is. That's why she has this Safe at Home registration.

So, forget for a second the story of the cow's head and bovine blood smeared on the doors and windows by James Mai. Police can't seem to prove it, and I don't know they ever can.

More concerning is that Mai thinks it's funny to bully someone he was "referred to" because he was informed she is a Human Trafficking survivor who also has Autism. I'm speaking of Cameron.

Here's the link to the Asian Dawn Site. I attached a screenshot of the specific part where he told Asian Dawn he messed with Cameron after being referred to HELP her. <https://www.asian-dawn.com/2022/05/03/asian-entrepreneur-doxed-for-supporting-oc-da-todd-spitzer/>

Incredibly, Asian Dawn wrongly says that Cameron doxxed Mai. To begin with, James Mai is a public figure. Second the publishing of his address was by a woman named Priya Shah who is practically a public figure herself. Priya is a verifiable person who is completely separate from Cameron. For Mai to blame Cameron for publishing his address is insane. Priya Shah copied James Mai's address from his filings with the Secretary of State. Maybe he should have invested in a P.O. Box.

On second thought I need to copy the OC Autism Foundation too. I will also cc OC Human Relations and file a Hate Incident report with 211OC based on Cameron having Autism and the information in the Asian Dawn zine. Incidentally, James Mai's excuse that he believed Cameron to be a GOP "infiltrator" is bullcrap. The sad reality is that while Cameron is not a Republican, she is a MAGA Trump supporter, much like Mai himself. Pictures on social media make that very obvious.

So, to wrap it up, it's clear you guys have your minds made up James Mai can do no wrong. For those of you employed in educational institutions, I hope you are totally prepared to explain your decision to your employers, students and colleagues. For those in the private sector, you deserve to lose business and clientele over this. James Mai is a hater on

steroids and has no business around vulnerable citizens. By the way, since you voted yes to his reappointment, neither do any of you.

Shame on you. You all should resign in disgrace.

Hello, my name is Cory and I live in Irvine with my wife, Beth. The ShameHate organizers forwarded me your response to their PRA and I was surprised to not see my emailed comment regarding James Mai. This leaves us wondering how many other emails you concealed from Shame Hate regarding the bragging of a Hate Crime by that Commissioner.

Here are my public comments for the Child Care Committee:

Hello, my name is Cory and I live in Irvine with my wife, Beth.

The ShameHate organizers forwarded me your response to their PRA and I was surprised to not see my emailed comment regarding James Mai. This leaves us wondering how many other emails you concealed from Shame Hate regarding the bragging of a Hate Crime by that Commissioner.

Here are my public comments for the Child Care Committee:

For those with a short attention span, I will make the most important points first. James Mai is under investigation by two local law enforcement agencies for a Hate Crime he may have committed against a Hindu restaurant owner. He has never denied that he bragged having done it. The IPD case number is 2205565. If you look on www.facebook.com/ShameHate or www.facebook.com/jamesmaihatecrime, the Orange PD case number is there too. I have no clue what's up with the FBI. Nobody has mentioned them, recently, but the FBI isn't known for being vocal about what they do.

James Mai is a profoundly mentally disturbed individual. Even if he didn't commit the crime, it takes a deep level of psychological depravedness to laugh about doing this. Mai has never expressed regret for these comments. Even if he did, it would be a little late.

Recently, I learned that another Irvine resident, Luis Huang disclosed on the Orange Juice Blog that James Mai told him this as well. Now, think about how many others did he say this to? Could this make it more likely that it was true (to some degree)?

James Mai actually boosts his own credibility about the Hate Crime by giving a motive. He says he got gypped and charged \$4,000 instead of \$40. Why not call the Orange police? Why not file a dispute with his bank? It's a stretch to believe he went to a butcher shop and got a cow's head, but it wouldn't in the least surprise me if he did some form of property damage to the establishment. Probably not to the extent he claims, but maybe busting a window or two.

I know James Mai because I met him at anti-AsianHate events in 2021. He always blames Black people for the rising tide of crime against Asians. He never once addressed, never mind condemned the toxic comments by the former president calling Covid the "Chinese Virus" and "KungFlu". He falsely claims CRT is being "shoved down kids throats" in USD schools. Critical Race Theory

is actually only taught at post-graduate levels. Look at his YouTube channel. He follows and "likes" accounts on Instagram that make fun of Blacks and Mexican immigrants. Research it. It's not that hard. He blames Mexican and Central American gangs for the uptick in crime in the OC, but paradoxically never talks about the Vietnamese street gangs in Garden Grove and Westminster. Both are a menace to society. James Mai is unapologetically racist to the core.

Even his die hard admirers can't explain his association with racists. Look at the comments by a guy named Charles Hwang on the OJB from Sept 7th at 4:19pm. I attached them as a screenshot. It doesn't surprise me that Mai is seeing his internet trolls on Cameron given that he has a preexisting relationship with these menacing bigots.

Here's the OJB link: <https://www.orangejuiceblog.com/2022/06/chafee-to-reappoint-hate-crime-braggart-to-county-commission>

Another thing that should be factored in that James Mai thinks it's funny to "troll" an autistic woman. He gave an interview to a far-right blog named Asian Dawn, where he doxxed Cameron. He admits he knew that she has Autism and apparently was told she is a survivor of Sex Trafficking. According to her lawyer, she in fact is. That's why she has this Safe at Home registration.

So, forget for a second the story of the cow's head and bovine blood smeared on the doors and windows by James Mai. Police can't seem to prove it, and I don't know they ever can.

More concerning is that Mai thinks it's funny to bully someone he was "referred to" because he was informed she is a Human Trafficking survivor who also has Autism. I'm speaking of Cameron.

Here's the link to the Asian Dawn Site. I attached a screenshot of the specific part where he told Asian Dawn he messed with Cameron after being referred to HILP her: <https://www.asian-dawn.com/2022/05/03/asian-entrepreneur-doxed-for-supporting-oc-da-todd-spitzer>

Incredibly, Asian Dawn wrongly says that Cameron doxxed Mai. To begin with, James Mai is a public figure. Second the publishing of his address was by a woman named Priya Shah who is practically a public figure herself. Priya is a verifiable person who is completely separate from Cameron. For Mai to blame Cameron for publishing his address is insane. Priya Shah copied James Mai's address from his filings with the Secretary of State. Maybe he should have invested in a P.O. Box.

On second thought I need to copy the OC Autism Foundation too. I will also cc OC Human Relations and file a Hate Incident report with 211OC based on Cameron having Autism and the information in the Asian Dawn zine.

Incidentally, James Mai's excuse that he believed Cameron to be a GOP "infiltrator" is bullcrap. The sad reality is that while Cameron is not a Republican, she is a MAGA Trump supporter, much like Mai himself. Pictures on social media make that very obvious.

So, to wrap it up, it's clear you guys have your minds made up. James Mai can do no wrong. For those of you employed in educational institutions, I hope you are totally prepared to explain your decision to your employers, students and colleagues. For those in the private sector, you deserve to lose business and clientele over this. James Mai is a hater on steroids and has no business around vulnerable citizens. By the way, since you voted yes to his reappointment, neither do any of you.

Shame on you. You all should resign in disgrace.

I believe that was indeed the case, here's why:

Let's just assume James Mai has a twisted sense of humor. Let's put aside maybe James wanted to test how far his outrageous actions he claimed happened was going to travel.

What restaurant did this happen at?

Why hasn't the restaurant owners take photos or video of the situation? And how come these photos haven't surfaced?

Why haven't the restaurant owners taken action directly against James Mai. Apparently the dispute happened because they overcharged him. So they had James Mai's credit card information.

Lastly, James Mai is not a dumb reckless person. If he got a bloody cow head and was publicly seen directing it at an Indian Restaurant, the repercussions would be pretty bad.

(Now, of course, it was pretty dumb for James to make such an outrageous lie, especially to I.C...but ce la vie).

Thanks for the offer. Let me get back to you if I can step away.

(For the fact of the matter, my pleas to Fullerton City Council was for FPD to complete a thorough investigation. If I made made accusations that are false, that would be defamation and libel and Jacob would have successfully sued me for damages.)

Really, Luis? I'm a dumbass but you are the one banned from DGI ?? Funny how that works !!!

You mad, bro 😊

The fact you keep excusing James Mai tells us all we need to know. Thanks for confirming James Mai was "fucking around" with "Love Cameron".

Hopefully, that makes it easier to ban him from his posts for bullying and harassment. Now forwarding this to all the right ppl.

Was it to you who leaked her address and personal information to Mai? Apparently you know where she lives.

I believe that was indeed the case. here's why:

Let's just assume James Mai has a twisted sense of humor. Let's put aside maybe James wanted to test how far his outrageous actions he claimed happened was going to travel.

What restaurant did this happen at?

Why hasn't the restaurant owners take photos or video of the situation? And how come these photos haven't surfaced?

Why haven't the restaurant owners taken action directly against James Mai. Apparently the dispute happened because they overcharged him. So they had James Mai's credit card information.

Lastly, James Mai is not a dumb reckless person. If he got a bloody cow head and was publicly seen directing it at an Indian Restaurant, the repercussions would be pretty bad.

(Now, of course, it was pretty dumb for James to make such an outrageous lie, especially to LC...but ce la vie).

Thanks for the offer. Let me get back to you if I can step away.

(For the fact of the matter, my pleas to Fullerton City Council was for FPD to complete a thorough investigation. If I made made accusations that are false, that would be defamation and libel and Jacob would have successfully sued me for damages.)

quite halloween - worthy, no doubt: but casting a disgraceful pall of odium upon that particular committee.

it is both repulsive and repugnant. it does not in any way reflect positively on the city of irvine

it is an insult to this beautiful, melting pot of a city that exudes multiculturalism and diversity on a global level.

the members of the public who wrote in to the city mgr's office did so because they were outraged by such a brazen display of hatred and bigotry.

it seems obvious that such correspondence should have been shared with the child care committee - that they may hear the voices of the community.

instead: the city managers office failed to even inform the child care office of the existence of these emailed inquiries.

this, in turn set the stage for a smooth, hassle free re-appointment of the vandal on oct 11th.

the question begging is: HAD the city mgr's office turned over those emails to the child care office in a timely manner - or forwarded them in real time

- AND -

HAD the child care office employees disseminated these emails to the committee members at least a few days prior to oct 11th: **WOULD THE VANDAL HAVE BEEN RE-APPOINTED ?**

i do not believe so.

now we have history fixin to be repeating itself:

the minutes of oct 11th will pass without obstacle.

because the voting members of the committee will - on nov 8th - **STILL** not have the benefit of having seen those emails from concerned citizens.

im struggling for words that express my sentiments.....

the justification for distributing these emails to the child care committee is that they may hear the opinions of those they pledged to serve - the residents of irvine, as well as those individuals who work and study in irvine.

by giving yourselves additional time well past Nov 8th: the City created total "impossibility" :

the emails wont be delivered to me in time for me/others to present them to the child care office in time for committee members to see them, hence the minutes - including the votes on re=appointment will be approved and the vandal receives an extended term of another two years.

if i somehow gotten this twisted, correct me.

but look at the OPTICS of it.

how would each of you - if you separated yourselves from your roles and saw this through the lens of a citizen.....how would you perceive this ?

how does this not reek of fraud ? of subterfuge ?

at this stage: i have more pressing needs to attend to - of a personal nature.

#mylifematters more than this

i see how it is. i see whats going down.

let the committee members wallow in ignorance and let the vandal get another two years.

why should i care, though ?

this situation has attracted international attention.

the city will eventually receive enough pushback to where this will bring attention and scrutiny of a negative nature.

you know what facts you received and you know < when > you received them.

if you choose to create the conditions that will fast-track approval of the minutes, and usher in the vandal's new term, i hope you can deal with the eventual collective outrage of the citizens.

i have copiously documented all my efforts. i have amassed a paper trail showing my good faith attempts.

on oct 11th - which is not a day the city should take pride in - i discussed w/ ms mlis fox the implications of this on the community, on the people who call irvine home.

the city's failure to turn over the emails received in early sept - mid oct to the child care committee members is careless / negligence, maybe.

but the deliberate extension of the date to provide ME with them qualifies as fraud.

my intent was *never* to collect them for curiosity.

my intent was to get my hands on them so i can deliver them to the child care office with the express request they be given to everyone on the committee. to ensure every committee member has them at least two days prior to reconvening to confirm the minutes.

at this time, i really dont care anymore.

its just a matter of time before the people of irvine get the memo. they *will* learn the truth.

such truth being that myself and more than a half dozen other locals passed out flyers and raised awareness and gave the city an opportunity to do the right thing. internally.

i seriously dont care. for me: its like this scene in the titanic. you know the icebergs ahead.

so you warn others. but ultimately, they choose if they will sink.

i along with others did my part. for the city of irvine.....

sorry you didnt listen.

IPD did a stellar job in getting the vandal to admit to the hate crime bragging. they deserve props for this.

never can he dispute what atrocity he bragged of.....cuz.....well.....case no 22-055-65.....

oh and dont forget the open investigation in the city of orange as well.....

at this time i have no update on what the FBI is doing

but even the very irvine police report is now being held hostage.

i dont see it being released by the 8th.....in time for the child care committee members

i m through.

i respectfully request you treat this entire email as written public comment for the child care committee meeting of nov 8th, 2022 as i most assuredly *wont* be speaking.

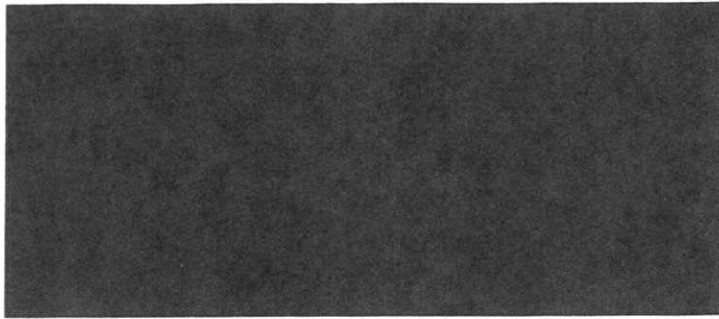

but many will be watching.

CAUTION: EXTERNAL EMAIL

Dear Irvine City Council,

Attached please find a detailed description of the City's Brown Act Violations.

Consider this your "Significant Exposure to Litigation".

The City of Irvine Child Care Committee is meeting at 9 am on November 8th, 2022. They will proceed to certify the votes of reappointing James Mai to the Commission as Parent/Guardian Representative. We urge you to participate via zoom if you cannot attend in person.

At this time, the City of Irvine is not affirming their intent to forward emails concerning James Mai to the Child Care Committee Members.

So we took the drastic step of notifying those Commissioners appointed by Public Institutions. They are: Wenli Lin, representing UCI, Shelby Clatterbuck representing Irvine Valley College and Marianne Bosch representing IUSD. We even emailed the staff attorneys for these agencies.

Do not hesitate to contact us with questions. We are the #JamesMaiHateCrimeTeam. We are completely separate from #ShameHateOC, but of course working in tandem with them.

Thanks in advance for your consideration. Please see the attached PDF for violations of the Brown Act

Appreciatively,

The #JamesMaiHateCrime Team

[James Mai Hate Crime Team](#)

To Whom it May Concern:

James Mai is on the Child Care Committee for the City of Irvine. This is problematic because social media posts by Mai himself reveal that he committed a Hate Crime.

Mai has never disputed that he made the posts, and even admitted to Irvine Police that screenshots showing him bragging in detail of how he committed the Hate Crime were real.

In the Instagram posts, Mai gives a motive. He claims the owner refused to refund his credit card after being overcharged. The atrocious story ends with Mai gloating that he had received a full refund after committing the Hate Crime. The terroristic act got him his desired result. Mai makes no secret of how he achieved procuring the refund and has never shown remorse.

The Hate Crime falls under the classification of "Hinduphobia" as it was committed (according to Mai himself) against an Indian restaurant and the owner was Hindu. The cow is sacred in the Hindu belief system, so such an act as committed by Mai is an attack on Hindus. That places it in the category of "Hate Crime"

Beginning after Labor Day weekend, and continuing through October 10th, approximately 100 emails were sent to the Irvine City Manager's office regarding one James Mai. There may have been some phone calls as well. We aren't certain.

The emails were sent by local residents who live, work or study in Irvine, ie who had a standing to demand answers from the City. They were concerned citizens who were appalled and outraged that such a person is even allowed to hold an appointed post.

Despite this collaborative effort by members of the community, the City Manager's office failed to turn those emails over to the Child Care Committee members. The City did not even inform the Commissioners of the very existence of these emails, despite the high volume of correspondence about James Mai.

Inexplicably, the City Manager's office further failed to inform Commissioners and members of the Child Care Committee that Mai was under investigation by the FBI for said hate crime. Even more shockingly, they did not disclose that their own police department was investigating James Mai for the same hate crime.

On October 11th, the Child Care Commission met for its regularly scheduled meeting. By that time, Mai had already admitted to IPD that he had bragged on social media of this nefarious crime.

This development was significant as it constituted an official admission by Mai. Still, nobody in the City of Irvine thought it important to notify the Child Care Commission.

One of the agenda items for October's meeting was the reappointment of Mai for another two years.

The motion was came on and was passed by majority vote. Mai's term, previously set to expire on Dec 31st of this year, has now been extended for another two years.

We are trying to ascertain if the Committee members who voted in favor would have done so had they known of the voluminous emails sent to the City, or had they known of the existence of the investigation. Most importantly, they weren't informed of the pending investigations nor Mai's admission.

We decided to reach out to some members of the Commission to suggest they clarify with the City of Irvine if they are willing to stand behind their vote, given this new information.

We know that three members would refuse to reconsider even in light of the new information. These are: Donna Schwartz, Myra Firth and Imithri Bodinhayake who pushed and pressured others on the Committee to vote "yes", in spite of evidence presented by a public speaker who is the witness in the Hate Incident.

They are not receiving a copy of this correspondence as it would be pointless and serve no worthy purpose.

Everyone else on the Commission is receiving a copy as we hope this letter will motivate them to press the City for answers. Concerning those Commissioners who represent agencies and educational institutions: We are also sending it to those entities.

At time of writing, the Child Care office is refusing to accept or acknowledge emails where Mai is the subject. This is because the Commission meets again next Tuesday. Any correspondence sent to them that makes mention of the #JamesMaiHateCrime will not be shared with Commissioners or Committee Members.

For this reason, it was necessary to take this drastic step of making direct contact with involved parties.

You will find links to news articles by visiting www.facebook.com/jamesmaihatecrime

Hopefully this will aid in your research.

Sincerely,

The #JamesMaiHateCrime Team.

PS: There is also a collective of local Hindus known by #ShameHateOC. Their social media pages are www.facebook.com/shamehate and www.twitter.com/shamehateOC.

We highly recommend their pages as they contain copious details and posts of activism events in sequence, as well as informative leads and contact information for local agencies.

As for us, we are in the process of setting up a website and taking out ads on social media to heighten awareness. This is necessary given the City's deception and failure to disclose even the basic facts, as well as withholding public comments sent by members of the community.

quite halloween - worthy, no doubt: but casting a disgraceful pall of odium upon that particular committee.

it is both repulsive and repugnant. it does not in any way reflect positively on the city of irvine

it is an insult to this beautiful, melting pot of a city that exudes multiculturalism and diversity on a global level.

the members of the public who wrote in to the city mgr's office did so because they were outraged by such a brazen display of hatred and bigotry.

it seems obvious that such correspondence should have been shared with the child care committee - that they may hear the voices of the community.

instead: the city managers office failed to even inform the child care office of the existence of these emailed inquiries.

this, in turn set the stage for a smooth, hassle free re-appointment of the vandal on oct 11th.

the question begging is: HAD the city mgr's office turned over those emails to the child care office in a timely manner - or forwarded them in real time

- AND -

HAD the child care office employees disseminated these emails to the committee members at least a few days prior to oct 11th: WOULD THE VANDAL HAVE BEEN RE-APPOINTED ?

i do not believe so.

now we have history fixin to be repeating itself:

the minutes of oct 11th will pass without obstacle.

because the voting members of the committee will - on nov 8th - **STILL** not have the benefit of having seen those emails from concerned citizens.

im struggling for words that express my sentiments.....

the justification for distributing these emails to the child care committee is that they may hear the opinions of those they pledged to serve - the residents of irvine, as well as those individuals who work and study in irvine.

by giving yourselves additional time well past Nov 8th: the City created total "impossibility" :

the emails wont be delivered to me in time for me/others to present them to the child care office in time for committee members to see them, hence the minutes - including the votes on re=appointment will be approved and the vandal receives an extended term of another two years.

if i somehow gotten this twisted, correct me.

but look at the OPTICS of it.

how would each of you - if you separated yourselves from your roles and saw this through the lens of a citizen.....how would you perceive this ?

how does this not reek of fraud ? of subterfuge ?

at this stage: i have more pressing needs to attend to - of a personal nature.

#mylifematters more than this

i see how it is. i see whats going down.

let the committee members wallow in ignorance and let the vandal get another two years.

why should i care, though ?

this situation has attracted international attention.

the city will eventually receive enough pushback to where this will bring attention and scrutiny of a negative nature.

you know what facts you received and you know < when > you received them.

if you choose to create the conditions that will fast-track approval of the minutes, and usher in the vandal's new term, i hope you can deal with the eventual collective outrage of the citizens.

i have copiously documented all my efforts. i have amassed a paper trail showing my good faith attempts.

on oct 11th - which is not a day the city should take pride in - i discussed w/ ms mlis fox the implications of this on the community, on the people who call irvine home.

the city's failure to turn over the emails received in early sept - mid oct to the child care committee members is careless / negligence, maybe.

but the deliberate extension of the date to provide ME with them qualifies as fraud.

my intent was *never* to collect them for curiosity.

my intent was to get my hands on them so i can deliver them to the child care office with the express request they be given to everyone on the committee. to ensure every committee member has them at least two days prior to reconvening to confirm the minutes.

at this time, i really dont care anymore.

its just a matter of time before the people of irvine get the memo. they "will" learn the truth.

such truth being that myself and more than a half dozen other locals passed out flyers and raised awareness and gave the city an opportunity to do the right thing. internally.

i seriously dont care. for me: its like this scene in the titanic. you know the icebergs ahead.

so you warn others. but ultimately, they choose if they will sink.

i along with others did my part, for the city of irvine.....

sorry you didnt listen.

IPD did a stellar job in getting the vandal to admit to the hate crime bragging. they deserve props for this.

never can he dispute what atrocity he bragged of.....cuz.....well.....case no 22-055-65.....

oh and dont forget the open investigation in the city of orange as well.....

at this time i have no update on what the FBI is doing

but even the very irvine police report is now being held hostage.

i dont see it being released by the 8th.....in time for the child care committee members

i m through.

i respectfully request you treat this entire email as written public comment for the child care committee meeting of nov 8th, 2022 as i most assuredly *wont* be speaking.

CAUTION: EXTERNAL EMAIL

dear city manager of irvine:

i believe the city manager's office is perpetrating a fraud upon the public - generally and me specifically

here is why: you all wrote:

Dear Ms. Cameron:

This letter is in reference to your October 20, 2022 request under the California Public Records Act (Government Code § 6250 et seq.) for copies of emails sent to cm@cityofirvine.org requesting the DEI office to make a finding as to whether the #hinduphobicvandal violated Municipal Conduct on hate speech.

Additional time is required to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request. Under the California Public Records Act (Government Code § 6253(c) et seq.), an extension of an additional 14 days is appropriate under these circumstances.

the letter is framed in terms of a desire to do diligence.

due diligence is always commendable.

giving an incomplete record would defeat the purpose. so this were a bona fide move, based on a desire for transparency and a thorough accounting; it would be acceptable.

but i dont think thats whats going down here

see this screenshot: it contains the dates for the **next** child care committee meeting, thats where october's minutes will be up for approval.

- January 11
- March 8
- May 10
- September 13
- October 11
- November 8

the letter you sent me last week goes on to say:

Based on the initial 10-day response period and the additional 14-day extension period, our office will contact you on or before November 10, 2022, regarding the disposition of the requested records.

Sincerely,

A handwritten signature in black ink, appearing to be "T. J. [unclear]", written over a horizontal dashed line.

heres why my suspicions are raised:

its highly unlikely i will get the requested materials in time for the nov 8th child care committee meeting.

the original basis for the PRA request was to see the volume and content of emails sent to the office of the city mgr from approx sept 7th to approx oct 10th.

thats because i have personal knowledge that a multitude of concerned citizens sent emails questioning why the vandal james mai (whether mentioned by name or not) is allowed to hold a commission post.

the foundation for concern was the now ubiquitous post from IG where he brags HE committed a gruesome hate crime.

and I kept going back demanding my money and they locked the doors when they saw me coming

So I went to a butcher shop and got a cow head and put it on their doorway and a bucket of cow blood all over their windows

Then they refunded my money

Greetings, we wanted to reach out to you about a concern with a City Commissioner who is about to be re-appointed on Tuesday morning. Posts on his social media reveal that he bragged of committing a Hate Crime.

Investigations are **ongoing**. He has admitted the screenshots are from him and he told several people he did committed this gruesome act.

Nonetheless, the Child Care Committee members are determined to push his renewal through. Please let us know if you can help.

Thanks in advance

Hello, Priya again,

Today, Ms Cameron emailed me to tell me Irvine Police is not helping her. She said they are telling her because there is no crime, you are not a witness to anything. Ms Cameron is not even Hindu. She totally went out on a limb to make this public in April of this year.

I respectfully ask you consider extending protection to anyone who reports Hate Crimes OR Hate incidents in good faith. There is no reason for IPD to not address internet threats made against her.

James Mai, or those connected to him are slagging her. They are bullying her. They are posting photoshopped pictures and calling her "Tranny" and "Obese". They are also posting some misdemeanor case filed against her in July. It is completely unrelated to James Mai. It is not relevant to investigation of James Mai. So why they are allowed to do these things? Why IPD cannot intervene for her?

So, my comment is does she not also deserve protection? Why these hateful trolls are not being investigated for stealing her identity online? I assume City of Irvine know what "Safe at Home" Registry is. It is to afford protection to

survivors of certain crime. Ms Cameron is one. Despite this, she is telling me IPD refuse to help her?! If this is true, it must be addressed!

Of very important concern too, is Ms Cameron relayed to me a second person posted last month on a zine called Orange Juice Blog that James Mai bragged to **him** as well of committing vandalism against unknown Hindu business owner. I'm not sure if it is same incident he boasted to Ms Cameron of or no? Still, Ms Cameron is saying IPD did not investigate this NEW Hinduphobia incident. It was reported last week. There is no report number assigned. The lack of action is troubling and frightening to me as a Hindu. #HindusNeedRights !

Dear Child Care Committee Members,

We implore you to NOT approve James Mai for another 2 year Re-Appointment.
This individual has caused tremendous hurt and pain to the Hindu Community worldwide.

James Mai bragged on Instagram to a lady that he vandalised a Hindu-owned eatery following a dispute with the proprietor.

He was reported to FBI and most recently the City of Irvine has also begun investigating him.

The investigator in charge of the cases is named Stephen Meyer. snmeyer@cityofirvine.org

We ask you to email Detective Meyer and report his findings of the Investigation on the Hate Incident.

James Mai admitted content in below screenshot is accurate.

So James Mai confess screenshot is real.

He engaged in Hate Speech where he boasted of eating for free by terrifying owner of restaurant. Mai knows cow is venerated by Hindus, and this is horrific to us. Mai told this story to several people.

Then, after screenshot is exposed, Mai begins doxxing Cameron who report him. At first it was through social media and a blog post.

However, the harassment and threats towards Cameron have increase in severity and frequency. Now he is bullying and frightening Cameron, the witness by cyberstalking her.

Mai never registered his nonprofit organisation "AAPI United" with California State Attorneys General as required by law.

So he is ineligible to solicit, let alone collect donations. Yet he does exactly this. It is rumoured monies collected go to fund campaigns of Irvine John Park and a lady in LA County named Soo Yoo.

We respectfully requested last month you #DumpJamesMai and #RemoveHinduphobe.

Since you chose not to do the right thing, complaints were filed by Cameron today against Wenli Lin with her employer UCI, against Shelby Clatterbuck with her employer SSC and Mariana Bosch with her employer IUSD.

Statement on LA vs Hate's Withdrawal From Unite for Progress Event, September 24, 2022

For over 70 years, the Los Angeles County Commission on Human Relations has worked to promote better human relations in Los Angeles County by working to transform prejudice into acceptance, inequity into justice, and hostility into peace.

The LA vs Hate program was launched in 2019, at the request of the Los Angeles County Board of Supervisors to counter the historic rise in hate by providing messaging promoting solidarity, and feelings of inclusion and respect for all. LA vs Hate provides a hate reporting line through 211LA; assistance for victims of hate through Asian/Pacific Islander linguistically competent Care Coordinators and case managers at 211LA; and a network of trusted partner agencies to respond to individuals and communities impacted by hate. Our vision is to develop a hate-free Los Angeles County where all feel welcome and safe. In over three years of operation, LA vs Hate has received over 1,900 reports of hate; and has assisted hundreds of victims with compassion, empathy and needed resources.

LA vs Hate was invited to participate in the upcoming Unite for Progress event set for this Saturday, September 24. LA vs Hate is often invited to participate in grassroots-led events to inform county residents about resources available for victims of hate incidents and hate crimes.

However, recent news accounts involving the Unite for Progress event organizers [have prompted us to withdraw from this event.](#)

LA vs Hate is a program dedicated to inclusion for all county residents and we do not support hate, bias-motivated hostility, or violence.

LA vs Hate will continue to reach out to the Cerritos South Asian and Asian communities to ensure they know about the resources provided by LA vs Hate, the anti-hate Los Angeles County initiative. For further information, please visit www.lavshate.org.

RECOMMENDED ACTION

Recommend the Community Services Commission approve the appointment of Stephanie Yormorta and reappointment of James Mai to serve as Parent Representatives on the Irvine Child Care Committee from January 1, 2023 to December 31, 2024

EXECUTIVE SUMMARY

The Irvine Child Care Committee (Committee) was established in 1987, and its purpose is to serve as an advisory body of the City of Irvine by providing input on the needs of the community pertaining to child care related issues.

In accordance with Committee Bylaws (Attachment 1), the volunteer Committee is comprised of 14 voting members consisting of Liaison and Appointee representatives. The six Liaison members include two community representatives, two center- or home-based child care providers, and two parent/guardian members. The eight Appointee members represent three educational organizations and five City Council appointees.

An open recruitment is held every two years to fill the two parent representative members to serve a two-year term beginning the following January. The recruitment was open from August 10, 2022 to September 1, 2022. Two candidates from the nine applications received are being recommended for appointment to the Committee.

Briefly summarize the main point of your complaint here (Attach additional pages for the details of your complaint, if necessary):

#HinduphobicVandal #JamesMai failed to register his non profit #AAPIUnited with CA AG office. <https://www.facebook.com/aapiunited>
Instagram @aapiofficial <https://twitter.com/AAPIUNITED> #JamesandNikiMai live in Irvine.

Have charitable funds or other assets been lost, wasted or diverted from proper charitable purposes? Or, is there a danger that such loss will soon occur? Please explain, giving your best estimate of the amount lost or at risk, if you know:

He never reg'd with AG so all funds collected are illegitimate. Besides he lies and tells everyone funds go to #fightasianhate. Actually funds are used to fund Reoublican campaigns such as #IrvineJohnPark and #SooYoo. See www.facebook.com/shamehate or Twitter @shamehateOC. James Mai vandalized an Indian restaurant owned by Hindus that is why FBI is investigating #HateCrime.

CAUTION: EXTERNAL EMAIL

Dear City of Irvine and OC Housing Authority Commission,

At the request of Ms Cameron, I'm writing this and copying concerned private parties. This regards an issue that is ongoing in the context of public comments about James Mai.

What, if anything will the City of Irvine and OC Housing Authority do to prevent the constant doxxing of Cameron by James Mai's allies ?

The comments at the OC Housing Authority meeting on October 27th, along with written public comments submitted by Luis Huang on Sunday to the City of Irvine are becoming out of hand.

Cameron also told some of us that on the evening of October 11th, her personal identification information was read out loud by some anonymous caller, "Shan Khan". This was at the regular Irvine City Council meeting during the non agendized comments section following the Hindu Proclamation.

Ms Chopra was present and also speaking and I assume she heard the caller too. I replayed it on ICTV. It is appalling to listen to.

This was the **same** "Shan Khan" who repeatedly doxxed her at the Housing Authority Commission meeting on October 27th anonymously via call in.

Mrs Cameron comments in person, or shows her face on Zoom. She identifies consistently with her married name.

Compare that to Mai's supporters who call in under **unverifiable** identities and don't even show themselves on camera !

It is unlawful for governmental agencies and entities to disclose the protected personal identification information of a Safe at Home enrollee. I assume this would include taking measures to ensure **others** don't either, especially during public meetings. All the more so if the commenters can't be verified.

It bears repeating ALL of this is occurring in relation to James Mai.
This needs to stop.

Due to Ms Cameron being very upset about this, I offered to try my best to get resolution.
If you need proof of Ms Cameron's status as a Safe at Home enrollee, please let ***her*** know. It's my understanding law enforcement already confirmed it.

Ms Cameron would like immediate preventative steps taken to ensure the government entities involved do not further give a platform for the doxxing of her by trolls acting on James Mai's behalf.

The purpose of public comments are to express one's voice and opinions on any items **within the subject matter jurisdiction of the body meeting.**

I suppose it is within the realm of Free Speech to call her a liar, as that is an *opinion*, but the comments made in reference to her go far beyond that.

Her **personal information** is neither a matter of opinion, nor could it be remotely falling within the subject matter jurisdiction of any Commission/ Council meeting.

It's definitely interesting to observe not a single one of these trolls praise, or even excuse the HATE CRIME BRAGGING of Mai's supposed vandalism of an Indian restaurant.

Rather, they put a negative spotlight on Ms Cameron by doxxing and defaming her. This appears to be a combination of two tactics: Deflecting and Projecting. These are both straight out of the Abuser's Playbook, and we all know it. It does not reflect positively on Mai, to say the obvious.

Since she anticipates she will want to speak at **further** Commission/ Council meetings, I hope this can be addressed once and for all.

I wrote this to the City of Irvine and OC Housing Authority at her request.
Please respond only to her directly. She deserves a voice and governmental bodies must comply with the regulations established by the Secretary of State.

I want to emphasize I am not a lawyer or anything, just an activist and someone familiar with the James Mai situation.

Since I am not the one being doxxed, I can also be more levelheaded in my expression.

Please respond to Mrs Cameron directly and please do it at your earliest possible opportunity.

Appreciatively,
Melissa Foster

To: <clerk@cityofirvine.org>, <cm@cityofirvine.org>

Dear City Council:

I noticed the Hotel Worker Protection Proposal. I am indeed in favour.
I ask of you to please also consider extending protection to those who report Hate in Irvine.

I agree with Ordinance, but simply wish safeguards could also be implemented for those who report Hate INCIDENTS or other activity not classified as 'crime'.
Ms Cameron tells me as a result of cooperating with IPD regarding Mai, she is being doxed to a level that is becoming danger to her safety.
My involvement is this: Long before Ms Cameron went public; it was I, who posted Mai screenshots on ripoffreport.com. These screenshots were given to me and others in local Hindu Community by Ms Cameron who was not sure what to do w. them.
I saw James Mai claimed to have committed nefarious act against Indian restaurant in Orange. I do not know how James Mai knew the owner or manager to be Hindu. Apparently he simply assumed it.

After contacting every Indian restaurant in OC I was unable to confirm it. Lot of restaurants closed during Covid pandemic.

I posted on Ripoff Report in hopes victim would come forward. When nobody could confirm this incident, I contacted FBI and gave my name and contact information. I called FBI before even Ms Cameron herself.

I believe Ms Cameron should receive same dignity as hotel workers. She seems to be in greater peril.

Please reply to me.

Kind Regards,

Priya Shah
