Aries Rising

March 11–May 20

Exhibition Opening: March 11, 2–4 p.m.

Rooted in the generative characteristics of spring, *Aries Rising* presents a collection of sculptural and two-dimensional artworks made of metal, fiber, oils, and mixed media whose sensibilities reflect an organic or earthly source. Featured artists in the exhibition share a curiosity about human perception as it relates to the environment, both natural and man-made, reflected in their manipulation of material, form, and subject matter. Exhibiting artists include Renée Azenaro, Debra Disman, Sofia V. Gonzalez, Mirena Kim Zara Kuredjian, and Susan Lizotte.
