

# Environmental Programs

The City of Irvine is committed to environmental stewardship and a more sustainable future through climate, recycling, and energy initiatives; community outreach, education, and events; and support of its residents, businesses, and organizations.

## Recycling & Waste

- ✓ Guidance on organics recycling, including Senate Bill 1383.
- ✓ Outreach on proposed ordinances, such as a single-use plastics ban.
- ✓ Tips on bottle, can, business, and household recycling.
- ✓ Information on hazardous waste collection and disposal.

## Climate-Smart City

- ✓ Transformative journey toward a greener, more sustainable future.
- ✓ Quantifiable plan to measure, track, and reduce climate-related risks and greenhouse gas emissions for the City.
- ✓ Engage with peers around emission reduction measures through surveys, workshops, and City presentations.

## Energy

- ✓ Assist residents going electric with initiatives such as Solarize Irvine, Switch is On, and XeroHome.
- ✓ Encourage grassroots participation in the Cool Irvine program.
- ✓ Lower carbon footprint through City electric vehicle charging stations.
- ✓ Resources on energy conservation.

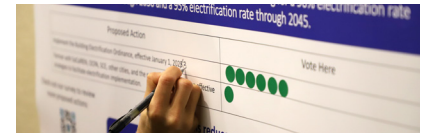

## Sustainability Commission

- ✓ Residents advise Irvine City Council and make recommendations on sustainability policies and programs related to energy, recycling and waste management, mobility, open space, and water issues.

## Green Business Program

- ✓ Free assistance to help businesses operate sustainably and receive public recognition for their efforts.
- ✓ Prevent pollution, divert waste from landfills, and reduce energy and water consumption for businesses.
- ✓ Create a healthier environment for employees working in Irvine.

## Workshops & Webinars

- ✓ Support residents in their efforts to get involved in the City's climate resolution goals through virtual and in-person events and tutorials.
- ✓ Provide public engagement with Q&As and through demonstrations from industry experts.
