2045 GENERAL PLAN

ADOPTION HEARINGS SPRING & SUMMER 2024

The City of Irvine has prepared an update to its General Plan, a state-required document representing the City's vision for the next 25 years and beyond.

The 2045 General Plan Update includes goals, objectives, policies, and implementation actions to help the City reach its long-term vision of preserving and enhancing Irvine's high quality of life as the City matures. After extensive community conversations and engagement, the 2045 General Plan Update reflects community input and is ready to be considered for adoption.

The 2045 General Plan Update is scheduled for adoption hearings in spring and summer 2024. During these hearings, the Transportation Commission, Planning Commission, and City Council will receive presentations and public input on the 2045 General Plan Update. The City Council is the final approval body for the General Plan Update.
