

AYN CRACIUN

Nonprofit Director

Our city needs leaders who prioritize public safety and health, making decisions based on evidence rather than politics.

My name is Ayn Craciun, and I am a mom, nonprofit director and proven community leader. I am running to make Irvine safer, more sustainable and focused on the needs of residents, not special interests.

As a 20-year Irvine resident, I successfully deliver results for our community.

Proven Track Record:

When three Quail Hill children were diagnosed with brain tumors tied to toxic landscaping chemicals, I collaborated with UCI scientists and neighbors to win a non-toxic landscaping policy which was later recognized for excellence by the California Environmental Protection Agency.

Championed a school bus program to safely transport University High School students to school, improving traffic by taking 50+ cars off the road every day.

Successfully advocated for transparency and accountability at local public agencies.

I will focus on reducing traffic, protecting and expanding our green spaces, improving public safety, addressing our housing needs, and supporting local businesses.

As a working mom, I understand the struggles many families face. I will ensure that Irvine remains a place where everyone can thrive. I respectfully ask for your vote.
