West Hills, CA, 91307

RE: Proposed IBC Multi-Use Trail - Creekwalk Segment Trail; Irvine, California; Assembly Bill 52, Formal Notification to Undertake a Project and Notification of Consultation Opportunity, pursuant to Public Resources Code § 21080.3.1

Dear Chairperson Alvarez:

The City of Irvine (City) has determined that the proposed IBC Multi-Use Trail Creekwalk Segment Project (Project) is subject to the California Environmental Quality Act (CEQA). The Project would include the construction of a 1.75-mile-long paved trail along the western edge of the San Diego Creek and Peters Canyon Wash in Irvine, California. As shown on the attached figure, the trail would begin at Coronado in the south and extend to Warner Avenue in the north. The proposed trail would be an off-street paved trail that can accommodate pedestrians, bicyclists, and equestrians. The proposed trail will follow the existing path of the Orange County Flood Control District maintenance road, passing through Main Street, Alton Parkway, and Barranca Parkway intersections before reaching Warner Avenue. Each street crossing and entrance to the trail would have in-pavement lighting, signage, and landscaping.

The proposed trail would include a two-foot-wide paved shoulder nearest to the channel, an eight-foot-wide paved path for pedestrians and cyclists, and a five-foot wide decomposed granite (DG) path for equestrian use. A two-foot-wide bio-swale would be located on the western side of the path. The eastern side of the path would include an approximately 42-inch-high steel safety railing with concrete footing.

The City is preparing an Initial Study/Mitigated Negative Declaration for the Project in accordance with the requirements of CEQA. The City is providing you with notification of the Project pursuant to the requirements of Assembly Bill 52 and Public Resources Code 21080.3.1. Pursuant to PRC § 21080.3.1 (b), you have 30 days from the receipt of this letter to request consultation, in writing, with the City of Irvine. Should you be interested in an opportunity to consult with the City on the Project's potential to impact Tribal Cultural Resources, please send your request for consultation, in writing, to the contact person noted below at the City of Irvine, 1 Civic Center Plaza, P.O. Box 19575, Irvine, California 92623-9575. You may also email your response to: AAinechi@cityofirvine.org.

RE: Proposed IBC Multi-Use Trail - Creekwalk Segment Trail; Irvine, California; Assembly Bill 52, Formal Notification to Undertake a Project and Notification of Consultation Opportunity, pursuant to Public Resources Code § 21080.3.1

Dear Ms. Swindall Martinez:

The City of Irvine (City) has determined that the proposed IBC Multi-Use Trail Creekwalk Segment Project (Project) is subject to the California Environmental Quality Act (CEQA). The Project would include the construction of a 1.75-mile-long paved trail along the western edge of the San Diego Creek and Peters Canyon Wash in Irvine, California. As shown on the attached figure, the trail would begin at Coronado in the south and extend to Warner Avenue in the north. The proposed trail would be an off-street paved trail that can accommodate pedestrians, bicyclists, and equestrians. The proposed trail will follow the existing path of the Orange County Flood Control District maintenance road, passing through Main Street, Alton Parkway, and Barranca Parkway intersections before reaching Warner Avenue. Each street crossing and entrance to the trail would have in-pavement lighting, signage, and landscaping.

The proposed trail would include a two-foot-wide paved shoulder nearest to the channel, an eight-foot-wide paved path for pedestrians and cyclists, and a five-foot wide decomposed granite (DG) path for equestrian use. A two-foot-wide bio-swale would be located on the western side of the path. The eastern side of the path would include an approximately 42-inch-high steel safety railing with concrete footing.

The City is preparing an Initial Study/Mitigated Negative Declaration for the Project in accordance with the requirements of CEQA. The City is providing you with notification of the Project pursuant to the requirements of Assembly Bill 52 and Public Resources Code 21080.3.1. Pursuant to PRC § 21080.3.1 (b), you have 30 days from the receipt of this letter to request consultation, in writing, with the City of Irvine. Should you be interested in an opportunity to consult with the City on the Project's potential to impact Tribal Cultural Resources, please send your request for consultation, in writing, to the contact person noted below at the City of Irvine, 1 Civic Center Plaza, P.O. Box 19575, Irvine, California 92623-9575. You may also email your response to: AAinechi@cityofirvine.org.
