

TAMMY KIM

City of Irvine Commissioner/Educator

Firefighters, first responders, veterans, elected officials, and working families support our campaign because they trust my record of getting things done.

Having served as your Irvine City Councilmember with two terms as Vice Mayor, Finance Commissioner, a mother, an educator, and a former corporate executive, I have dedicated my career to serving our community.

I seek re-election to continue my work that has kept Irvine among America's safest cities, boosted our economy, created jobs, enhanced transparency, and protected our villages from over-development — including saving Boomers and Irvine Lanes.

We are not done! Together, we will:

Protect our villages and neighborhoods with balanced development.

Prioritize public safety by integrating new technologies to deter crime and protect neighborhoods.

Expand educational resources by establishing a new library in Woodbridge.

Expand housing options across all income levels so our teachers, nurses, and grown children can afford to live here.

Enhance transportation infrastructure to ease traffic.

Regulate e-bikes use to prevent accidents and ensure responsible use in public spaces.

Expand sports offerings to include more options like pickleball at city facilities.

There's too much at stake. Please join our campaign and vote for proven leadership by re-electing Tammy Kim for Irvine City Council.
