

CONSTRUCTION NOTICE

PHANTOM CLASS IV PROTECTED BIKEWAY

Project Information

The City of Irvine is making improvements to the City's bicycle infrastructure with the construction of Class IV protected bikeways, a separated bikeway reserved for use by bicyclists with a physical separation between the bikeway and travel lanes.

Physical separation is made by concrete curbs and flexible delineators that encourage bicycling with enhanced safety measures, traffic calming, and reduced vehicle speeds.

Project Timeline

Work is scheduled to begin Monday, March 31, and will continue through mid-April. Work will be done Monday through Friday from 9 a.m. to 3 p.m.

Access

Access to area residences, businesses, and parking lots will be maintained.

What to Expect

The work will generate construction noise and temporary traffic control will reduce and shift travel lanes around work areas. Alternate routes are suggested. No full road closures are anticipated.

For More Information

Please email pm@cityofirvine.org or call the project hotline at 949-724-6676.
