TASK is proud to present the following workshop:

Assistive Technology for Sensory Difficulties Webinar

Students with sensory difficulties, like those with Autism, ADHD and other diagnosis, may have trouble filtering out background noise, sitting under bright lights, show tactile defensiveness and much more. This workshop will include information about resources such as fidgets, alternative seating, reading tools, auditory devices, items for sensory stimulation and sensory apps. Join us for a fun, informative session and leave with resources galore!

Friday, January 9, 2026, 10:00 am

This workshop will be conducted on Zoom.
